

INTERNATIONAL ASSEMBLIES OF GOD

**To: All IAG District Leadership, Youth Directors,
District President and Youth Committees:**

Request for Affiliation Funds

Greetings in the name of Jesus!

The National Youth Committee has been hard at work to lay a good foundation to build upon in the coming years. We request all districts to affiliate financially to the National Youth Ministry. However, only one district gave in 2013. We are now currently running very low on funds. We humbly request your district to help us with funding to enable the National Youth Ministry (NYM) to function effectively.

We only request each district to affiliate with R3000 a year. The closing date for the affiliation fee for 2014 will be 01 August 2014. Also the district youth department is requested to tithe 10% of the income from each event they host to the NYM. Please deposit the affiliation fee and tithe in the NYM account listed below.

Where does this money go? These finances will cover the transportation costs of committee members from their respective districts including directors to National Youth Committee meetings and district events. It will also cover office expenses (e.g. airtime for calling districts).

What have we been doing since elected into this office? Since our election we have revised and developed an IAG Youth Policy. As funds were available, we have visited several of the district events including camps, rallies, and trainings. It is our goal to visit all districts in order to assist one another. Our Missions Office has also created Plant to Harvest (PTH) which is an avenue for youth to give to missions. Currently, we have developed Train the Trainer Program for training youth leaders. Youth evangelism tracts have also been developed. Miraculously, there have been 1500 copies of *The 21st Century Discipleship Series* printed and have been distributed *for free* to every local IAG church's youth ministry in 2012. (This was generously funded by USA Light for the Lost.) Finally, we want to move a step further with PTH to GST-NW project that was promised in 2012!

The IAG NYM would really appreciate your support and would also love to thank all the districts that gave in 2011, 2012 and 2013. In this new year of 2014, we look forward to work with all the district committees including their directors.

May the all mighty God bless you as you respond to our request positively.

Yours in Christ,

Caswell Mokwele
